MoU between SHRI and SRM AP Opens New Pathways in Medicine

In an effort towards enhancing academic and research capabilities, SRM University-AP and Samishta Hospital and Research Institute (SHRI) formalised an understanding on scientific cooperation in biological sciences and other areas of mutual interest. The MoU signing ceremony took place at SRM University-AP and was signed by Dr R Premkumar, Registrar- SRM University-AP and Dr Kalyan Chakravarthy, Managing Director-Samistha Hospital and Research Institute, Guntur in the presence of Dr Sandeep and Dr Ravi Teja, Dr Varun, Dr Ramakrishna, Dr Gnana Prakash Doctors from SHRI and Prof. C V Tomy, Dean-School of Engineering and Sciences; Prof. Ranjit Thapa, Dean-Research; Prof. Jayaseelan Murugaiyan, Associate Dean-Sciences (Admission Outreach and Research Collaborations); Assistant Professors at the Department of Biological Sciences-Dr Sutharsan Govindarajan, Dr Anil K Suresh, Dr Pratik Gupta among others.

The MoU will open pathways for collaborative opportunities in research and academics, fostering joint research projects and funding possibilities while also emphasising the importance of skill development through seminars organised by both the institutions.

Registrar Dr R Premkumar highlighted the significance of this partnership and the potential outcomes of the joint venture. Dr Sutharsan Govindarajan thanked the team from Samistha Hospitals and Research Centre for joining hands and taking the phase therapy from bench to bedside. This MoU between the two institutes of eminence aims to create a dynamic environment for innovative research that will benefit not just our institutions but also the society in general.
